SKILLS

Design and Research
- User centered design, wireframes and prototyping, user journeys, usability testing, user research, accessibility and inclusive design

Tools and Platforms
- Figma, ProtoPie, Visual Studio Code, Adobe Creative Suite (Illustrator, Photoshop, XD, InDesign, Adobe Aero), Cinema4D, Cross Platform Design (iOS, Android, Web)

Collaboration & Communication
- Cross functional teamwork, excellent communication, presentation skills, design rationale articulation, strategic and tactical planning, high collaboration mindset

Creative and Technical Strengths
- Divergent and convergent thinking, rapid ideation and iteration, data informed decision making, high design craft and attention to detail, adaptable to different environments

----

EDUCATION

Honours Bachelor of Interaction Design
Sheridan College
September 2023 - Present
(Expected graduation: April 2027)

Board Undergraduate Cert., Creativity and Creative Problem Solving
Sheridan College
September 2023 - Present

Ontario Secondary School Diploma
West Niagara Secondary School (Formerly Grimsby Secondary School)
September 2019 - June 2023

PROFILE

- Creative and adaptable Interaction Design student with hands on experience in UX/UI design, prototyping, and user research
- Skilled at user centered problem solving, rapid iteration, and cross platform design using tools like Figma, ProtoPie, Adobe Creative Suite, and Cinema 4D
- Strong leadership and collaboration skills through roles as a Code Sensei, Student Ambassador, and industrial team member
- Passionate about creating innovative and accessible experiences and thriving in fast paced environments.

WORK EXPERIENCE

Code Ninjas - Code Sensei
September 2025 - Present

- Teach children aged 5-14 coding fundamentals by guiding them through building video games in a block based coding platform
- Mentor and support diverse learners, adapting teaching styles to meet individual needs and foster inclusive and accessible experiences
- Introduce physical computing to younger students by teaching them to use MakeyMakey boards and build basic circuits, fostering design thinking through hands-on prototyping
- Developing meaningful mentor relationships, enhancing leadership skills while maintaining a positive, dynamic learning space.
- Supporting iterative problem solving by encouraging students to brainstorm, test, and refine their projects

Sheridan College - Student Ambassador
September 2023 - Present

- Answer inquiries from prospective students and parents via email and in person, providing clear, timely, and helpful information
- Lead campus tours for groups of 5–20 visitors, delivering engaging presentations and tailoring information to a wide range of audiences
- Represent Sheridan College at orientations, open house and other events, maintaining a professional and approachable demeanor in fast-paced settings
- Coordinate with staff, faculty, and fellow ambassadors to organize event logistics
- Gather and relay visitor feedback to improve future events and tour experiences

Stelco Lake Erie Works
May 2024 - August 2024 | May 2025 - August 2025

- High intensity, safety critical industrial environment, following strict procedures and PPE protocols to ensure safe operations
- Adapted quickly to challenging conditions and rotating shifts, developing resilience and flexibility in a fast paced setting
- Collaborated with experienced team members to complete tasks efficiently and maintain production standards
- Learned to analyze and solve problems in real time, using critical thinking to address unexpected situations safely

Real Canadian Superstore
October 2019 - August 2023

- Managed inventory and restocked shelves in a busy retail environment, ensuring products were organized, accessible, and accurately labeled
- Assisted customers with product inquiries and maintained a clean work environment
